

Romanian Association for Promoting Energy Efficiency  
and QualitEE would like to invite you to the event

# ENERGY EFFICIENCY SERVICES

The development of quality assurance for energy efficiency service  
projects and the outcomes of the QualitEE project

**Capacity building in non-partner countries - Romania**

**25 February 2020, 09:00 – 13:00**

**OMV Petrom HQ - Coralilor Street 22, District 1, Petrom City, Black Sea Room**

## Topics

- **Quality aspects of energy efficiency services:**  
presentation of technical and financial quality criteria, financial quality criteria to facilitate communication between financial institutions, ESCOs and clients
- **Ensuring the quality in EE projects:**  
opportunities of quality assurance, different roles and challenges, (interim) results and experiences made with the development of quality assurance schemes for EES in European countries
- **Initializing the development and implementation of quality assurance schemes in Romania:**  
discussion among key stakeholders and the QualitEE team on how quality criteria could be implemented

## Agenda

Public workshop for ESCOs and clients

Start	End	Topic	Who
09:00	09:30	Welcome Coffee & Registration	
09:30	10:00	Presentation 1: <b>Status of EES in Romania</b>	Razvan Greco (ARPEE)
10:00	11:00	Presentation 2: <b>Quality aspects of EES – technical and financial quality criteria</b>	Klemens Leutgöb (e7)
11:00	11:30	Coffee Break	
11:30	12:30	Presentation 3: <b>Quality assurance schemes for EES in European countries</b>	Klemens Leutgöb (e7)
12:30	13:00	Discussion: Topics tbd	Moderation: ARPEE

**Target group:** National energy efficiency service providers and clients

**Language:** English only / Simultaneous translation

**Registration:** No fees. Please, register [here](#), no later than February 14<sup>th</sup>.

**Local contact:** ARPEE - The Romanian Association for Promoting Energy Efficiency (QualitEE project partner in Romania), Claudia Staicu

Email: [office@arpee.org.ro](mailto:office@arpee.org.ro), Phone: +40 741 286 333

**QualitEE project coordinator:** e7 energy innovation & engineering, Susanne Kuchar

Email: [susanne.kuchar@e-sieben.at](mailto:susanne.kuchar@e-sieben.at)

### Background information:

 The **QualitEE** project, funded by the Horizon 2020 program, aims to drive responsible investment in energy efficiency services in the building sector by increasing the trust of clients and financial institutions in energy service providers. Trust will be increased by standardising quality criteria for energy efficiency services and institutionalising the quality assurance process, thereby reducing the complexity of energy efficiency services and increasing service quality.

As basis for national quality assurance schemes for energy efficiency services technical and financial quality criteria have been developed and published under the QualitEE project. Currently preparatory works are performed for future national quality assurance schemes for energy efficiency services with the help of national stakeholders that are actively involved in national promotion teams.

**General Data Protection Regulation:** With your registration you agree that your personal data is saved on the server of e7 Energie Markt Analyse GmbH until the end of the QualitEE project and used exclusively for reporting to EASME. Photographs of the event will be made and used for documentation on the [QualitEE website](#). For registration we use Eventbrite.com.

The QualitEE project receives funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 754017.

### About ARPEE:

The Romanian Association for the Promotion of Energy Efficiency (*ARPEE*) is the most representative organization in the field. Our mission is to promote the interests of our members in different segments of energy efficiency: *industrial, buildings, end-user, services and transport*.

**Founding members**  
(Executive Board)

**Members**  
(General Assembly)

[ARPEE](#) is the first professional association who signed the European Code of Conduct for Energy Performance Contracting (July 2014).

**General Data Protection Regulation:** With your registration you agree that your personal data is saved on the server of ARPEE for 1 year. Photographs of the event will be made and used for documentation on the [ARPEE website](#) For registration we use google forms.
